

FlexiLine

Applications

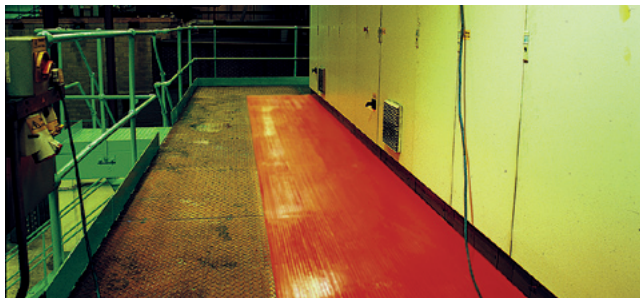

FlexiLine mats are suitable for all industrial and commercial areas. The supple and hard-wearing material offers a good alternative to conventional rubber mats as it is much more durable. The mats are frequently used as runners in corridors or mats on workbenches.

The benefits at a glance

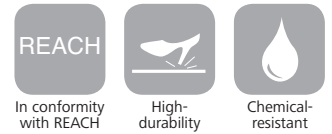

- The vinyl mats are resistant to most common oils, greases and acids
- Light insulation and protection of the floor against wear and tear
- Temperature-resistant from -23°C up to $+60^{\circ}\text{C}$
- Good noise absorption
- Loose laid, no fixing required
- Easily to cut to any size to suit individual on-site requirements
- Easy to clean

Instructions for use and cleaning

- The mat can be installed without extra fixing or gluing
- The material is very hygienic and can be washed down or swept

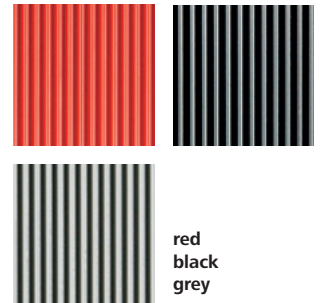

Properties

Specifications

Art Nr.:
Sizes: 100 x 2500 cm
Thickness: 2 mm
Weight: 2.2 kg / lfm
Colours:

Material: 100% PVC
80 Shore A+/- 5
Surface: ribbed
