

Yoga Soft Step®

Applications

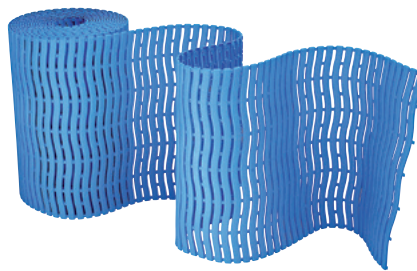

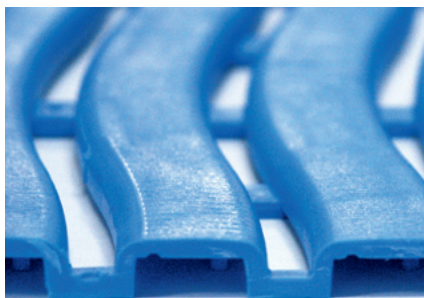

Yoga Soft Step is the ideal matting for showers, changing rooms, saunas, whirlpools, i.e. for all barefoot traffic areas in swimming pools. It is equally suitable for indoor and outdoor use.

The benefits at a glance

- Yoga Soft Step is resistant to corrosion, for UV radiation (except red matting) and the most common chemicals
- Very hygienic thanks to anti-bacterial additives
- Resistant to extreme temperatures from -40°C up to +50°C
- Yoga Soft Step provides excellent traction and is equipped with a very good drainage system which allows easy drain-through of water
- Resistant to chlorine and sea-water
- Insulates against cold floors and is slip-resistant in wet areas

Instructions for use and cleaning

- Easy to cut to shape and size and easy to installed without extra fixing or gluing
- Easy to clean with high- pressure cleaners

Properties

In conformity with REACH

Anti-bacterial

Noise-absorption

Specifications

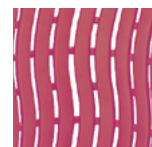

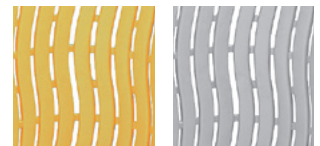

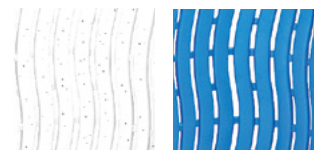

Art Nr.:

Sizes: 60 x 1500 cm Rolls
60 x 90 cm Mats

Thickness: 9 mm

Weight: 2 kg / m

Colours:

white with black dots, blue, yellow, grey, red

Material: 100 % polyethylene

Surface: cushioned

Accessories: Connector clips

Properties

Flame-resistance:

-

Chemical-resistance:

DIN 51958

Slip-resistance:

-

Effective drain-through and aeration:

-
